Discussion

During the weekly RISS Area Status meeting held Wednesday afternoon 2/26/03, it was agreed upon that the Facility Disposition Program Manual (MAN-076-FDPM, Revision 3) requirement for Scoping Meetings would not be adhered to for the below listed RISS anticipated Type 1 facilities. The below listed facilities are non-production facilities, and based on process knowledge and historical use, these facilities have a very low potential for radiological or chemical contamination. Therefore, it was decided that there was little value added in conducting a Scoping Meeting for these facilities. The Type 1 facility-specific historical site assessment reports (HSAR's) and the reconnaissance level characterization reports (RLCR's) for these facilities will be reviewed at the time of submittal to RFFO and CDPHE.
